## **New Life Sponsoring Texas SILC Independent Living Conference**

*The 2010 Statewide Independent Living Conference focuses on education, networking, and recognition for people with disabilities and professionals working in Independent Living and Vocational Rehabilitation.*

Dallas, TX, February 23, 2010 – New Life Medical Equipment announced its sponsorship of the Texas SILC Independent Living Conference. The Texas State Independent Living Council (SILC) develops and monitors the implementation of the Texas State Plan for Independent Living, thereby ensuring people with disabilities have support to live with many of the same freedoms that non-disabled people enjoy.

"New Life is a strong proponent of independent living and sponsors the Texas SILC conference to support the ongoing education and realization of independent living," said Rodrick Robinson, Chief Executive Officer. "Advocating for people with disabilities is one of our organization's core beliefs. We want disabled people to have as much freedom and independence as possible, including getting back into the workforce."

The 2010 Texas Statewide Independent Living Conference, presented by Texas State Independent Living Council, the Department of Assistive and Rehabilitative Services (DARS), and REACH Resource Centers on Independent Living, will be held at the Crowne Plaza Suites in Dallas, Texas on March 7 through 9, 2010. Information may be found on the Texas SILC website at [www.txsilc.org](http://www.txsilc.org).
